Safety without compromise.

Key Features

BK8049 Air Disc Brake Pads for Transit Bus

Bremskerl 8049 formulation optimizes rotor and pad life while maintaining safe stopping and keeping brake noise to a minimum. **Formulated specifically for operators in North America based on 90+ years of experience formulating and manufacturing our own friction material.**

- 100% non-asbestos, RoHS and REACH compliant
- Installation hardware included in every kit

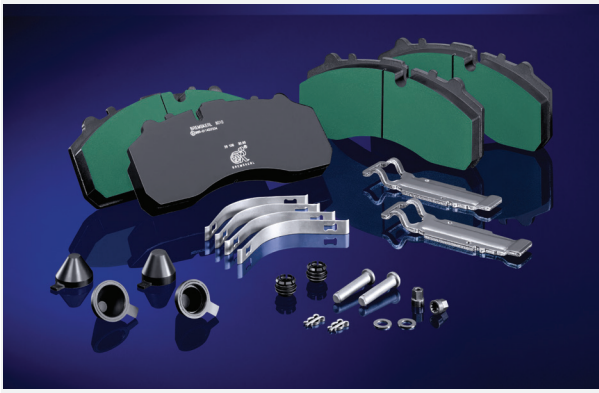

Extended Rotor Life Using Bremskerl Pads

No abrasion to surface with evenly distributed brake pad transfer layer (light haze color) which protects the rotor.

Proven to:

- Provide excellent stopping power
- Reduce rotor thermal fatigue (stress cracks, hot spotting, etc.)
- Reduce disc brake rotor wear

FMVSS 121
Approved for
28,600 lb. Axles

BK8049 brake pads are LeafMark Level "N" 2025 compliant.
